

HOW WE USE VIDEO IN EDUCATION

IES MAR DE ALBORÁN

A GOOD VIDEO ALWAYS REINFORCES THE CONCEPT

Images reveal large
amounts of data, so
remember:

Use an image or a
video instead of long
text.

Your audience will
appreciate it 🙌🙌

A useful resource

- Educational function. Fundamental in the education of positive values (transversal education).
- Artistic and creative function.
- Dissemination of activities and news on the WEB

FROM THE BEGINNING

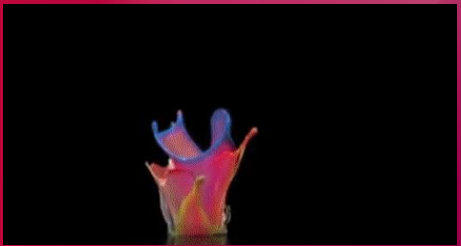

Nowadays, video-creation is used to teach or disseminate activities in many subjects.

The English and Music Departments have been using video-creation for the longest time. We will tell you how we have done it.

Support and facilitate
